Coney Island Baby

Every night she cames To take me out to dreamland When I'm with her, I'm the richest Man in the town

She's a rose, she's the pearl She's the spin on my world All the stars make their wishes on her eyes

She's my Coney Island Baby She's my Coney Island Girl She's a princess, in a red dress She's the moon in the mist to me She's my Coney Island Baby She's my Coney Island Girl **Tom Waits**
