

# Take It with Me

Tom Waits

Phone's off the hook  
No one knows where we are  
It's a long time since I  
Drank champagne  
The ocean is blue  
As blue as your eyes  
I'm gonna take it with me  
When I go

Old long since gone  
Now way back when  
We lived in Coney Island  
Ain't no good thing  
Ever dies  
I'm gonna take it with me  
When I go

Far far away a train  
Whistle blows  
Wherever you're goin  
Wherever you've been  
Waving good bye at the end  
Of the day  
You're up and you're over  
And you're far away

Always for you, and  
Forever yours  
It felt just like the old days  
We fell asleep on Beaula's porch  
I'm gonna take it with me  
When I go

All broken down by  
The side of the road  
I was never more alive or  
Alone  
I've worn the faces off  
All the cards  
I'm gonna take it with me  
When I go

Children are playing  
At the end of the day  
Strangers are singing  
On our lawn  
It's got to be more  
Than flesh and bone  
All that you're loved  
Is all you own

In a land there's a town  
And in that town there's  
A house  
And in that house  
There's a woman  
And in that woman

There's a hart I love  
I'm gonna take it  
With me when I go  
I'm gonna take it  
With me when I go
