

Cry Out

Tom Walker

Rain hits hard on the door tonight
Whispers in the wind, there's a wolf outside
Tryna stay together but I'm terrified
Asking, are you coming back again?
'Cause I can't rock all the last words we spoke
Broken up, lying on your telephone
Holding back tears as I start to choke
Asking, are you coming back again?

Tell me, are you coming back again?
Tell me, are you coming back again?
I need to know, will these nightmares end?
Tell me, are you coming back again?

The sound of your torture is bringing us pain
The weight on my shoulders I know I can't take
Cry out, we will hear you
Cry out so you can find your way back home
Soon you'll find your way back home

Sitting here flicking through photographs
Tryna figure out just where you're at
Haven't heard from you, I don't understand
Are you coming back again?
Getting more and more nervous as the seconds pass
Pour another beer in my dirty glass
Searching for a hope but it's fading fast
Are you coming back again?

The sound of your torture is bringing us pain
The weight on my shoulders I know I can't take
Cry out, we will hear you
Cry out so you can find your way back home
Soon you'll find your way back home
Can you find your way back home?

Tell me, are you coming back again?
Tell me, are you coming back again?
I need to know, will these nightmares end?
Tell me, are you coming back again?

The sound of your torture is bringing us pain
The weight on my shoulders I know I can't take
Cry out, we will hear you
Cry out, we will be near you
The sound of your torture is bringing us pain
The weight on my shoulders I know I can't take
Cry out, we will hear you
Cry out so you can find your way back home
You can find your way back home
