Lifeline

Tom Walker

When someone you love gets left behind
Suddenly taken before their time
The flowers we lay, swept up in the cold
And now they're someone you used to know

Oh I thought I'd come to terms with it
But I'm lying to myself again
Just tryna find some answers

I wish we could of saved you
I wish we could of helped you understand
Nobody would'a blamed you
I wish you would've held on for a hand
Pray to God you would've reached out
And given us a chance to change your mind
No one leaves us at the right time
I wish you knew you had a lifeline

I wish you knew you had a lifeline, lifeline
I wish you knew you had a lifeline, lifeline

Questions with answers we can't find
That's why it's harder to say goodbye
If I would have called, just picked up the phone
Would you still be someone I used to know

Oh I can't sleep, still ruminating
Breaks my heart that I can't change it
Just tryna find some answers

I wish we could of saved you
I wish we could of helped you understand
Nobody would'a blamed you
I wish you would've held on for a hand
Pray to God you would've reached out
And given us a chance to change your mind
No one leaves us at the right time
I wish you knew you had a lifeline

I wish you knew you had a lifeline, lifeline
I wish you knew you had a lifeline, lifeline
I wish you knew you had a lifeline, lifeline
Before you left without a goodbye
I wish you knew you had a lifeline
