

## Number 10

Tom Walker

Well, it's one rule for us, no rules for them  
Right now they're probably getting on the send, it's  
a good old life down at number ten  
Living it up with no consequence  
one rule for us, no rules for them  
Right now they're probably getting on a bender  
Cheese and wine and a bag for the afters  
Bojo's flat and it's packed to the rafters  
And you can hear the Tories singing

Oh, fuck the cost of living crisis  
Rishi rich, he's making lines up  
And if you're poor you're not invited  
You can hear the Tories singing  
Oh, well you're fucked if you don't like us  
We're bully boys, we stand united  
Enjoy the show, it's the new Love Island  
You can hear the Tories singing

Well, it's one rule for us, no rules for them  
I'm kinda worried 'bout the message it sends  
When the lawmakers are lawbreakers  
Caught in the act, think a fine's gonna pay  
For the people who felt powerless as family died  
Alone with no one by their sides, it's lie after lie  
Boris clapping on the steps outside  
While the NHS is privatised, and they'll be singing

Oh, fuck the cost of living crisis  
Rishi rich, he's making lines up  
And if you're poor you're not invited  
You can hear the Tories singing  
Oh, well you're fucked if you don't like us  
We're bully boys, we stand united  
Enjoy the show, it's the new Love Island  
You can hear the Tories singing

'Cause it's one rule for us, no rules for them  
'Cause it's one rule for us, no rules for them  
'Cause it's one rule for us, no rules for them  
'Cause it's one rule for us, no rules for them
