

# Play Dead

Tom Walker

You know the way my blood runs  
Cause darlin' you're the only one  
Can you and I go somewhere?  
Go somewhere we can be alone  
Lying like John and Yoko  
Or fake our deaths and leave  
Am I tripping, are you with me?  
Cause darlin' you're the only one

The world is going mad  
You and I can hide away  
I can't stand the TV screen  
Turn it off, pull the plug  
They can try, they won't find us

Slow down your heartbeat  
Close your eyes and don't speak  
And lay with my body  
Play dead, play dead with me  
No need to escape  
We can find our own way  
You got me hiding in cupboards  
Play dead, play dead with me

We'll stock up some ration  
So we don't have to leave this room  
I'm dead, don't care what happens  
As long as I'm in here with you

Cause the world is going mad  
You and I should hide away  
I can't stand the TV screen  
Turn it off, pull the plug  
They can try, they won't find us

Slow down your heartbeat  
Close your eyes and don't speak  
And lay with my body  
Play dead, play dead with me  
No need to escape  
We can find our own way  
You got me hiding in cupboards  
Just play dead, play dead with me  
Play dead with me-e-e-e, yeah  
Play dead with me-e-e-e, yeah  
Play dead with me-e-e-e, yeah  
Just play dead with me

You know that I was quiet  
We'll walk outside into the show  
Breathe in a little silence  
Cause everybody else is growing old

So slow down your heartbeat  
Close your eyes and don't speak  
Lay here with my body  
And play dead

Slow down your heartbeat  
Close your eyes and don't speak  
Yeah, lay with my body  
Play dead, just play dead with me  
No need to escape  
We can find our own way  
You got me hiding in cupboards  
Just play dead, just play dead with me  
Play dead with me-e-e-e, yeah  
Play dead with me  
Play dead with me-e-e-e, yeah  
Just play dead with me
