Are they yours?
Are they yours?
Or are they mine?

Fatback, set 'em up Joe
Clip it, set 'em up Joe, whip it
Fatback, flip it, set it up
Laugh, won't need another fad
Too late for the midget to find you
Is he behind you?
Hear footsteps, now from behind
Hear footsteps, are they yours or mine?
Hear footsteps, now from behind
Hear footsteps, are they yours or mine?

Are they coming from me?
