

Adrenaline Rush

Tomme Profitt

Standing on cold grounds
Looking over remains
Can't remember if I'm villainous or heroic
Sometimes the feeling is strange
Going to block to block
Like I'm making pyramids
Perilous hard to contain
All of this power inside of my body
You gotta be crazy to think we the same

Running I'm running I'm running
I'm gone
Starting to feel right at home
I am a king in the flesh
Heart in my chest
Beat beat beat
Beating like Kong
Running I'm running I'm running
I'm gone
Full moon to the morn
I do not know who to trust
Blood is boiling
Adrenaline rush

A-dren-a-Adrenaline rush
No limit feeling Godly
You can come test my bluff
Power flowing through my body
I can take on all of y'all
Welcome to the party
I can tell you had enough
Power level going...
Power level going up
Adrenaline Rush

Yeah
Feel like I'm chosen
Energy is different
Aura golden
Posing for the picture
They imposing
Tell me what's a peasant to a Sultan
Stepping to me
C'mon that's insulting
See the wounds and I'm throwing salt in
Taking back more than what it cost me
Got the crown, try to take it off me

(Rush oh oh rush)
Feel the rush
(Rush oh oh rush)
Feel the rush
(Rush oh oh rush)
I feel the rush
(Rush oh oh rush)

Running I'm running I'm running

I'm gone
Starting to feel right at home
I am a king in the flesh
Heart in my chest
Beat beat beat
Beating like Kong
Running I'm running I'm running
I'm gone
Full moon to the morn
I do not know who to trust
Blood is boiling
Adrenaline rush

A-dren-a-Adrenaline rush
No limit feeling Godly
You can come test my bluff
Power flowing through my body
I can take on all of y'all
Welcome to the party
I can tell you had enough
Power level going...
Power level going up
Adrenaline rush
Yeah
No limit feeling Godly
You can come test my bluff
Power flowing through my body
I can take on all of y'all
Welcome to the party
I can tell you had enough
Power level going...
Power level going
Rush
