

# Can You Feel The Heat Now

**Tommee Profitt**

Long, long way home  
Some kind of midnight circles now  
Some kind of darkness circles now  
If you're gonna take that gap  
You're gonna feel that bitter sap

Oh, can you feel the heat now?  
Can you feel the heat now?  
Can you feel the heat now?  
Can you feel the heat now?

Oh, oh, do you shiver?  
Shiver now skies ablaze I'm gonna bring you down  
I said where, where you gonna run?  
On the other side, overloaded gun  
I need to know...

Can you feel the heat now? (Oo, oo, ooh)  
Can you feel the heat now? (Now, now)  
Can you feel the heat now? (Oo, oo, ooh)  
Can you feel the heat now? (Now, now)

Hey na, oh na na, hey na na, oh na na  
Hey na, oh na na, oooh, oooh  
Hey na, oh na na, hey na na, oh na na  
Hey na, oh na na, oooh, oooh  
Hey na, oh na na, hey na na, oh na na  
Hey na, oh na na, oooh, oooh  
Hey na, oh na na, hey na na, oh na na  
Hey na, oh na na, oooh, oooh
