

I'm Seeing Red

Tommee Profitt

When the whole world works against us
There's no mercy to be found
When the one thing that connects us
It [?]

I'm seeing red
Nothing can stop me now
I'm seeing red
Nothing can stop me now

When the borders that define me
All crumble to the earth
A wave of crimson swells inside me
The raging flood is my rebirth

I'm seeing red
Nothing can stop me now
I'm seeing red
Nothing can stop me now

I'm seeing red
Nothing can stop me now
I'm seeing red
Nothing can stop me now
I'm seeing red
Nothing can stop me now
Nothing can stop me now
