

## Lament

Tomme Profitt

Left in the cold  
Did you forget me here  
I count the days since I was in your arms  
Left for the crows  
Catching a thousand tears  
Remembering your light between the dark

All the distance makes it harder  
Where do we go  
Where do we go from here

I'm reaching out I wish someone would save me  
Save me  
Where do we go  
Where do we go from here  
When everything I touch is always breaking  
Breaking

You cut me deeper than a blade  
Then sit there and watch me bleed  
You're colder than the ocean water  
Your chains are stronger than the seven seas  
As I sit here on my own  
Wondering where we went wrong  
Tell me lover is this the end of us

Where do we go  
Where do we go from here  
I'm reaching out I wish someone would save me  
Save me  
Where do we go  
Where do we go from here  
When everything I touch is always breaking  
Breaking

Where do we go  
Where do we go  
Tell me, tell me  
Where do we go  
Where do we go
