

Powerful

Tommee Proffitt

It's like I have this tunnel vision, never stops
It's rising inside me
I'm crawling over daggers till I reach the top
Chasing the lightning
Ooh, I know we want the same thing
Ooh, you're gonna have to face me
It's like I have this tunnel vision, never stops
It never stops

Powerful
Know it when you taste it
Nobody can take it
Powerful
It's running through our veins, we're
Coming guns blazing
Powerful, we're powerful

I need it, gotta have it like an animal
This craving is raging
This hunger got me feeling so invincible
No braking till I make it
Ooh, you wanna play the same game (the same game)
Ooh you don't know what you're asking

Powerful
Know it when you taste it
Nobody can take it
Powerful
It's running through our veins, we're
Coming guns blazing
Powerful, we're powerful

Ooh, I know we want the same thing
Ooh, you're gonna have to face me

Powerful
Know it when you taste it
Nobody can take it
Powerful (oh, we powerful)
It's running through our veins, we're
Coming guns blazing
Powerful, we're powerful
We are all powerful
Ooh, we're powerful
Powerful, ooh
We are all...
Oh, we're powerful
