

Reign

Tommee Profitt

Only certain people
Get to wear a crown
Only certain people
Make the world go round
But rules are made for breaking
It's time to make a change
I know I'm meant for bigger things
My destiny awaits

Someday, they'll tell my story
I'll be someone you won't forget
Nothing out there can stop me
Yeah I know that I was born to be great
Ooh I was born to reign

Maybe I'm a rebel
Rising from the dust
My humble beginnings
Taught me to be tough
The throne is mine for taking
It's something that I've earned
Never needed royal blood
To understand my worth

Someday, they'll tell my story
I'll be someone you won't forget
Nothing out there can stop me
Yeah I know that I was born to be great
Ooh I was born to reign

Reign, let it rain down
Reign, I wear the crown
Reign, let it rain down
Reign, I wear the crown
Reign

I hear, whispers they're talking
I know, they will remember my name
Nothing out there can stop me
Yeah I know that I was born to be great
Ooh I was born to reign

Reign
Reign
Ooh I was born to reign
Reign
Reign
Ooh I was born to reign
