

# Ride

Tommee Profitt

When I ride  
When I ride

Down since day one  
Never gave up  
Been played in the mud  
I came from the cut  
Strong arm looking steady now  
Got my reins in clutch  
Keep tellin' myself  
I'm pushing my luck but

I got the heart of a king I'ma fly with a butterfly, honey to bees  
Pressure get hot as a hundred degrees  
Yeah  
When it comes to the greatest they looking at me  
Looking at we  
Taking over with the team  
Yeah

Let me know when it's time to go  
Ridin' heavy I'm on a roll  
Free hand let's start the show

When I ride  
Climb aboard and tell 'em step aside  
Now you know I always wanted to be champion  
All I needed was a beast and an anthem  
Woah, yeah  
When I ride  
Everybody out there gonna know my name  
'Cause I'm way too wild to be tamed  
And you know I always wanted to be champion  
When I ride  
When I ride  
When I ride

I'm breaking the barrier  
Buckin' the bronc  
Ride with the winners  
You like it or not  
That's a rank bull  
Cowboy up  
Head hunter gon' set you up  
Show me the ropes yeah  
Dallying on the approach  
Winning team gon' jump  
All four feet baby just floats

Yeah, letting me loose (Woo)  
Y'all know that I never lose  
Making moves every day since  
They were putting spurs on my boots  
What would you do when you riding for real  
And you really got nothing to lose?  
I put the weight of my words in my back  
When I measure the reign it's the truth (Yeah)

Let me know when it's time to go

Ridin' heavy I'm on a roll

Free hand let's start the show

When I ride

Climb aboard and tell 'em step aside

Now, you know I always wanted to be champion

All I needed was a beast and an anthem

When I ride

Everybody out there gonna know my name

'Cause I'm way too wild to be tamed

And you know I always wanted to be champion

When I ride

When I ride

When I ride

Ain't no rodeo style

Baby, I'm here for a while

Top tier look at that smile

Whole team running so wild (Yeah)

Nobody stopping us now
