

# Rise

**Tommee Profitt**

Lights out, I'ma put you down  
Knock out  
Heavy when you fall and you hit the ground

One shot to get that crown  
Won't stop  
I'm coming for you all when you hear that sound

Ooooo  
I'ma fight through the struggle  
I'ma rise from the rubble  
Ooooo  
Rise from the rubble

Rise!  
Rise!

Stronger every day I breathe  
Hunger  
For the world to know my name, all eyes on me

Tension raining down on me  
Pressure  
Just becomes the only fuel I need

Ooooo  
I'ma fight through the struggle  
I'ma rise from the rubble  
Ooooo  
Rise from the rubble

Rise!  
Rise!

Rise!  
Rise!
