

# The Fall

Tomme Profitt

Hands are stained from the years of dirt  
Hear the hounds, but they never learn  
Type of soul if you ever trust  
Then you'll meet the dust  
You won't get far running from a curse  
No turning back all the bridges burned  
Sure can't lose what they never loved  
Think they can't be touched

Pride comes before the fall  
Pride comes before the fall

It's a different view when you're at the top  
Castles laid where the blood was lost  
Trying to hide all the wicked hours  
In your rise to power  
A heart can't beat with veins of filth  
It's dog eat dog kill or be killed  
I wish I could tell you that you'll be alright  
When the reaper comes tonight

Pride comes before the fall  
(The fall, fall)  
Pride comes before the fall  
(The fall, fall)

Pride comes before the fall  
(The fall, fall)  
Pride comes before the fall

It's a long way down  
It's a long way down  
It's a long way down  
It's a long way down

Ashes to ashes  
Dust to dust  
They'll say good riddance when you're in the mud

Ashes to ashes  
Dust to dust

Ashes to ashes  
Dust to dust  
They'll say good riddance when you're in the mud

Ashes to ashes  
Dust to dust

Pride comes before the fall  
(The fall, fall)  
Pride comes before the fall  
(The fall, fall)

Pride comes before the fall  
(The fall, fall)  
Pride comes before the fall

It's a long way down  
Pride comes before the fall  
It's a long way down  
The fall, the fall  
The fall, the fall
