

# Where You Are

Tomme Profitt

I know you're bruised by the world  
Trying to clean your wounds  
Wearing a mask with a smile  
I see you

If you want you can go through this life alone  
Let me know how it goes without a hand to hold

All the while, heart is torn  
I just wanna be where you are  
Through the fire, through the storm  
I just wanna be where you are

Until the life leaves my body  
I'll help you stand your ground  
No looking back on our mistakes  
They can't touch us now

If you want you can go through this life alone  
Let me know how it goes without a hand to hold

All the while, heart is torn  
I just wanna be where you are  
Through the fire, through the storm  
I just wanna be where you are

We'll both keep walking  
Through hell or heaven  
Through unsurvivable odds  
Through pain and sorrow  
We'll build our tomorrow  
'Cause in the end it's worth the cost

All the while, heart is torn  
I just wanna be where you are  
Through the fire, through the storm  
I just wanna be where you are  
All the while, heart is torn  
I just wanna be where  
I wanna be, I wanna be  
Through the fire, through the storm  
Where you are (I just wanna be where you are) You are  
All the while, heart is torn  
I just wanna be where you are  
(Where you are, where you are, I wanna be where you are)  
Through the fire, through the storm (I wanna be where you are)  
I just wanna be where you are (Where you are)
