

Who Will Save Us

Tommee Profitt

Giants fall when you stand
The whole world waiting in your hand
Armies rise at your command
Is it you? Is it you who will save us?
Who will save us

Ooh, who will save us
Ooh, who will save us

You reach the battle lines, racing inside your mind
A question for all time: "Is it you?"
So gravity defy and storm the darkest night
Is it you? Is it you who will save us?
Who will save us

Ooh-ooh-ooh-ooh ooh, ooh-ooh-ooh
Who will save us
Ooh-ooh-ooh-ooh ooh, ooh-ooh-ooh
Who will save us
