

# HORSE B4 PORSCHE

Tommy Cash

I'm a G, I'm a G, straight from 2003  
Creepy legs, in my sweats, I got cocaine colored skin  
Wear fake Gucci, yeah, I get it from the market  
In my wallet, Euroz Dollaz Yeniz, full of fucking бабки  
Buy a horse before a Porsche, no one acts like me  
I pop like acne, make you happy  
Sneakers so clean like a fresh napkin  
Original rude boy, white trash Rakim

Hell is around the corner, but you don't have to go  
Your sin's been forgiven now (given now, given now, given now, given now)  
Baby, your ass is like an onion, makes me wanna cry  
Your booty is the prototype, oh my, oh my (oh my, oh my)  
Now I ditch pussy like I'm bullets, man (bullet man, bullet man)  
I got that girl at home, real woman is hard to find  
But hoes come and go, go, but hoes come and go (come and go, come and go)  
But hoes come and go, go, but hoes come and go (go, go)

I'm a G, I'm a G, straight from 2003

I bought my grandma iPhone 66, (cash), yeah  
I got my girl all the freshest kicks, (skrtrt), yeah  
I bet my junk ass won't be fixed, yeah (won't be fixed, won't be fixed)  
Piles of different shit for every damn week, boy (every day)  
Every day we celebrate (every day, I)  
World is mine to penetrate (penetrate)  
Sweaty like I'm in a rave (very sweaty)  
Party 'til I'm in the grave (I party, party)  
Nothing ever be the same (nothing ever)  
I'm the winner of this game (winner of this)  
No gain without the pain, no gain without the pain
