

# MONA LISA

Tommy Cash

Aha-ha! Aha-aha-ha-ha!  
Heeey! B-! Boo!  
Aha-ha! Aha-aha-ha-ha!  
Yah!

Slave with a golden chain, feel like Ukraine  
Why my shoes cost 2K but I'm dancing in the rain?  
Refugee at home, and a stranger on a plane  
Dali and Picasso made in Spain, Tommy made in pain  
My circle is so small I'm afraid to have fights  
You don't have a gang, why you throwing gang signs?  
I try to get fly times but my time flies fast  
Never having time, yuh, never a right time, uh  
Fuck safe sex, I'll be dancing on landmines  
I ain't got no master, just one mastermind  
If you press play on this, it's a homicide  
All the jokes aside, are you doing alright?  
Will you ever die? I just fucking ride  
Dirty dirty drugs, I'm just doing Tide  
Kill everyone, yeah, save the mankind  
Met Mona Lisa on a bus line

Stoned all my life, stoned all my life, like mannequin  
If I got a problem, if I got a problem, roll it up  
Stoned all my life, stoned all my life, like mannequin  
If I got a problem, then I roll it up  
Stoned all my life, stoned all my life, like mannequin  
If I got a problem, if I got a problem, roll it up  
Stoned all my life, stoned all my life, like mannequin  
If I got a problem, then I roll it up

Come from small town with dreams too big  
Child of Tarantino having sex with Kubrick

Bitch won't suck it, saying it's too big  
Talking 'bout my ego- are you fucking stupid?  
No neck to break but bread to make  
Find me swimming in fire lake  
Eenie, minie mo you're fake  
Never sleep, always awake  
I'm like yogi, meditate  
Medicate and concentrate  
Coming from the special aid  
Pissing on the pearly gate

Fear and loathing we got mescaline  
(We got mescaline, we got mescaline)  
Run out of money now we eat sardines  
(Then we eat sardines, no money)  
Foolin' around and let us buy ketamine  
(Foolin' around and let us buy ketamine)  
Broccoli forever, we love collard greens
