Tommy G.. Why you fucking with me..?
Tommy G.. Why you fucking with me..?
Why you fucking with me..?
Tommy G..

I'm the shepherd of my flock, fuck the rest
That's my whole team, watch me fuck the rest
I'm the shepherd of my flock, fuck the rest
That's my whole team, watch me fuck the rest

All dem' birdies that flock, flocking with the kamikaze
See me chilling hill side on our crouched apple bottoms
I'm that shepherd that flock like I'm fucking with the commas
I'm that shepherd that flock like I'm fucking with the commas
Fish and bread, I be looking to the heavens for my money
Fish and bread, I be walking on the water with dem' hunnies
Baby girl, giving head in the water with my money
GPS, you gon' find me in the middle of an island
Tribal heads all around me but I'm fucking with that money
Tribal heads all around me but they loving up my honeys
Walking back on the water in the come down of an era
Walking back in my fish nets and the Gods call it business

I'm the shepherd of my flock, fuck the rest
That's my whole team, watch me fuck the rest
I'm the shepherd of my flock, fuck the rest
That's my whole team, watch me fuck the rest

All dem' sheep that follow, follow through with commitment
Got a young pretty homie asking you for submission
I be business, I be business, asking you no conditions
I be business, I be business, asking you no conditions
Lay my life for your cousins, lay my life for your pardon
This my life if you fuck up, this my life, bitch ain't funny
But that bitch, she a sheep, think she black sheep but she whitey
Ain't no odd, she just even, I'm the wifey, I'm the wifey

I'm the shepherd of my flock, fuck the rest
That's my whole team, watch me fuck the rest
I'm the shepherd of my flock, fuck the rest
That's my whole team, watch me fuck the rest

In a white glow at the White House with my white dose (Coco)
In a white robe sleeping in the hammock wit' my white ho (Coco)
All dem' sheep that follow, they be bleating Arigato (Thank you)
All dem' sheep that follow
Popping xannies in my chateaux (That's my castle)
They tryna tell me there's no telling
What they'll do to me, exacto (I ain't scared)
They tryna persecute my sheep
I take a limo to the capital (Presidential)
I be business, I be business, if you with it
Then you with it (Is you stupid?)
I be business, I be business
We gon' resurrect these demons (Go to church)

I'm the shepherd
That's my whole team, watch me fuck the rest
I'm the shepherd
That's my whole team, watch me fuck the rest
I'm the shepherd, shepherd, shepherd, shepherd..
