

## I Like The Way

Tommy James And The Shondells

I like the way, you call my name  
It sounds so nice  
I could never explain  
I like the way, you hold my hand  
It lets me know that you understand  
I like the way, you wanna kiss me  
And I like the way, you always miss me

I like the way (I like the way)

I like the way, you come around  
To cheer me up, whenever I'm down  
I like the way, you make me feel  
The love we have, is so very real  
I like the way, you wanna kiss me  
And I like the way, you always miss me

I like the way (I like the way)

I like the way, we kiss goodnight  
It feels so good when you're holding me tight  
I like the way, you wanna kiss me  
And I like the way, you always miss me

I like the way (I like the way)

I like the way  
Oh, I like the way  
I like the way  
Oh, I like the way
