

Nighttime (I'm A Lover)

Tommy James And The Shondells

Oh, now

Yeah

Tick, tock
I see trouble
Nighttime, I'm a lover
No time ever seems the same
No
Cause when it's nighttime I start grooving
Take time, I stop moving
Take time, stretch another day

Day, here is just my time for rest
Night is made for me
That's when I'm at my best, my best, my best, my best now, baby

Nighttime is for wasting
I'm too busy tasting
Every joy that I can find
And that's when nighttime I'm a lover
Too much to discover
Life's so great it blows my mind

Day, here is just my time for rest
Night is made for me
That's when I'm at my best, my best, my best, my best now, baby

Oh, yeah

Ah

The nighttime
Baby, such a nighttime ago
Taking about the nighttime
Oh, we can't get it now, girl
Oo, the nighttime
Is my kind of time
Beneath the sunshine
Push that town, yeah, baby
Mmm, taking about the nighttime
Baby, it's the right time
Such a fine time
Going to be together now girl
Mmm, baby, in the nighttime
I feel so scared of time
Yeah, feel like sleep's time
Mmm, baby it's the right time, the right time, baby
The nighttime
