

# Midnight Train

Tommy James

I'm waiting for the midnight train  
Like I'm standing in the pouring rain  
Devil woman you burned me baby  
Come on train  
Come on train  
Come on train

Don't you know I gave her everything I had  
But I found her with another man  
Lord you know I'm hurting so bad  
I ain't never, never, never coming back again

Don't you know I'm waiting for the midnight train  
Like I'm standing in the pouring rain  
Devil woman you burned me baby  
Come on train  
Come on train  
Come on train

You know I came to this big cold city  
Just to take a look at who I am  
Lord you know it ain't too pretty  
And I'm never, never, never going back again

Yea

And I'm waiting for the midnight train  
Like I'm standing in the pouring rain  
Devil woman you burned me baby  
Come on train
