

## Say Please

Tommy James

I can't take the way you try to play with my head  
Ducking and diving, playing so hard to get  
You make it too hard to get to your love  
Don't push it baby 'cause when push comes to shove

I know that game and I don't play to lose  
So we're gonna have to change the rules

Say please  
Next time you want me, say please  
That's the way it's got to be  
Don't tease me, baby  
Well I just don't get it  
Say please if you want my love

I was so easy and I just let it go  
You took the fast lane, baby, I took it slow  
You made your move, I tried to hold on tight  
You broke away and you were clean out of sight

I knew that thing was getting way outta hand  
Now if you want me for your loving man

Say please  
Next time you want me, say please  
That's the way it's got to be  
Don't tease me, baby  
Well I just don't get it  
Say please if you want my love

Say please  
Next time you want me, say please  
That's the way it's got to be  
Don't tease me, baby  
Well I just don't get it  
Say please if you want my love

Say please  
Next time you want me, say please  
That's the way it's got to be  
Don't tease me, baby  
Well I just don't get it  
Say please if you want my love
