You Got Me

Tommy James

We're finally alone.
Ain't nobody home.
You look so good and alive to love.
I know I should, but I just can't go, oh, I

I'm burnin' inside.
It's gettin' harder to hide.
And when you touch me I lose my head;
Caught like a fly in a spider web.

Whoa, you got me
Where you want me.
Don't you stop me, now, don't leave it this way. Oooh.
Yeah, you got me (yes, you do)
Where you want me (want you to)
Don't you tell me, now, you just wanna play;
You got me this way. Mmm. Hmm.

I know it for sure.
I can't wait for more.
Ain't nothin' more we can talk about.
It's gettin' late, time is runnin' out.

No, you got me
Where you want me.
Don't you stop me, now, don't leave it this way. Oooh.
Yeah, you got me (yes, you do)
Where you want me (want you to).
Don't you tell me, now, you just wanna play;
You got me this way.

I can't wait for more.
Oh, you got me (yeah, you do)
Where you want me (want you to)
Don't you tell me, now, you just wanna play. Oooh.
Yeah, you got me (got the way)
Where you want me (wanna stay)
Don't you stop me, now, don't leave it this way. No.
Yeah, you got me [fade]
