

Demon Bitches

Tommy Lee

Brooke Candy

Fucking fag mafia fuck you

They tried to kill me I multiply
Real demon bitches we don't die
They tried to kill me I multiply
Real demon bitches we don't die

I knock your teeth out
I fuck up your guts
Until you bleed out
I make you upchuck
I crack in your skull
I burn down your church
You slit on my throat
But it didn't hurt

Pray to the pussy
Worship my cock
I pray for your soul
Give me what you got
I swallow your spine
And crush your membrane
I told ya last time
I don't feel no pain
I am the supreme
I'm drivin' a hearse
So gimme your worse
Cuz...

I taste like heaven
Somethin' like hell
You want the right loan
You buy what they sell
I cover my skin
In ebony ink
You let the black hoe
Control what you think

I scalp your children
And vomit the truth
I got a big mouth
But my lips are loose
I hope I make you feel
Like you're so sick
The tempo's so slow
We killin' you quick

You don't wanna (nope)
You don't wanna fuck with me
I'm an honor (I'm an honor)
Keep on fallin' to your knees
You don't wanna (what what)
You don't wanna fuck with me
I'm an honor (I'm an honor)
Keep on fallin' to your knees

I don't wanna see the stars
Every time we fucking fight
I don't wanna go to bed
Keep on hustling through the night
I don't wanna rest my head
I don't trust what's in that bed
Keep moving or end up...

I don't wanna see the stars
Every time we fucking fight
I don't wanna go to bed
Keep on hustling through the night
I don't wanna rest my head
I don't trust what's in that bed
Keep moving or end up dead

You don't wanna
You don't wanna fuck with me
I'm an honor
Keep on fallin' to your knees
You don't wanna
You don't wanna fuck with me
I'm an honor
Keep on fallin' to your knees

I don't wanna see the stars
Every time we fucking fight
I don't wanna go to bed
Keep on hustling through the night
I don't wanna rest my head
I don't trust what's in that bed
Keep moving or end up dead

You don't wanna
You don't wanna fuck with me
I'm an honor
Keep on fallin' to your knees
You don't wanna
You don't wanna fuck with me
I'm an honor
Keep on fallin' to your knees
