

Don't Give Up On Love

Tommy Page

You told me you loved me just yesterday
And now you tell me you're leaving
I beg you to stay
Our love started growing when I looked in your eyes
And now I feel like dying cause we're saying goodbye

Hold on, hold on
We can make it happen if we try
Don't give up on love this time
Don't give up on us
Cause true love is so hard to find
Let's remember how it always was
A one in a million gift from above
Don't give up on love

When I look at your picture hanging on my wall
The memories start flashing and tears start to fall
Cause deep down inside I've been trying to hide
This smile on my face is just a disguise

Hold on, hold on
We can make it happen if we try
Don't give up on love this time
Don't give up on us
Cause true love is so hard to find
Let's remember how it always was
A one in a million gift from above
Don't give up on love

Hold on, hold on
We can make it happen if we try
Don't give up on love this time
Don't give up on us
Cause true love is so hard to find
Let's remember how it always was
So don't give up on love this time
Don't give up on love
Cause true love is so hard to find
Let's remember how it always was
A one in a million gift from above
Don't give up on love
