

I See Your Smile

Tommy Page

Sometimes I feel I can't face it (I feel down)
Face the world on my own (I start to tear)
And there's no way to escape it (it's running away)
I feel like I'm all alone (from my fears)
I get weak, I start to question my dreams
I reach out for an answer

Just when I think I can't go on,
Can't face the world another day
I see your smile
Just when I think I can't be strong, can't make it
You come my way and I see your smile
Your smile gives me spirit and strength, it moves me
Lifts me up and takes me away, it moves me

In the night when it's raining (I touch the rain)
Searching hard for the light (I call your name)
And hear there's no hope remaining (holding on tight)
Nothing's right in my life (I just pray)
You have a power something special you give,
My source of soul inspiration

Just when I think I can't go on,
Can't face the world another day
I see your smile
Just when I think I can't be strong
Like my life is fading away
And I see
Your smile gives me spirit and strength, it moves me
Lifts me up and shows me away, it moves me

And if I'm gonna break down (break down)
I close my eyes
And I see you smiling at me

Just when I think I can't be strong, can't make it
You come my way and I see your smile
Your smile gives me spirit and strength, it moves me
Lifts me up and takes me away, it moves me

When you smile
I see your smile
I see your smile
I love it baby
When you're smiling
You know you make me smile
I need it, I love it
I love it when you're smiling at me
It moves me
It lifts me
I love it when you're smiling at me
It takes me
It lifts me
I love it when you're smiling at me
