

## Notice Me

Tommy Page

Day after day I think about you and say  
Why don't you notice me  
Cause I've been watching you (watching you)  
I've been watching you (watching you)  
I write you letters all day and then I throw them away  
Cause I don't know what to say  
Cause I've been watching you (watching you)  
I've been watching you  
Cause I'm alone (I'm alone) in this world  
And I'm in love (I'm in love) with you girl  
Can't you see (can't you see)  
Oh won't you please notice me

I call you at home and then I hang up the phone  
Before you know that it's me  
Cause I've been watching you (watching you)  
I've been watching you (watching you)  
And I can't take it no more  
I'm gonna knock down your door  
Saying why don't you notice me  
I've been watching you (watching you)  
I've been watching you

Cause I'm alone (I'm alone) in this world  
And I'm in love (I'm in love) with you girl  
Can't you see (can't you see)  
Oh won't you please notice me  
I say oh oo oo oo oo oo  
And last time I say oo oo oo oo oo oo  
Oo oo oo oo oo oo  
Notice me

Cause I'm alone (I'm alone) in this world  
And I'm in love (I'm in love) with you girl  
Can't you see (can't you see)  
Oh won't you please notice me  
Oo oo oo oo oo (I'm in love)  
And I say and I say oo oo oo oo oo (I'm in love)  
And I say oo oo oo oo oo (can't you see)  
Please notice me

Cause I'm alone (I'm alone) in this world  
And I'm in love (I'm in love) with you girl  
Can't you see (can't you see)  
Oh won't you please notice me
