

You Make Christmas Feel Like Heaven

Tommy Page

It's that special time of year
And I'm so glad you're here with me forever
There's no place that I'd rather be
And with you by the Christmas tree together

A choir of angels the brightest above
There's so many things I'm dreaming of
You make Christmas feel like heaven
When snowflakes start to fall I hear your spirit call
Cause you make Christmas feel like heaven
When I look into your eyes that's when I realize
Oh I'm in heaven

A time to reach and touch someone
To give some hope where there is none, just sorrow
A dream for every girl and boy
A time to spread the Christmas joy for tomorrow

A choir of angels the brightest above
There's so many things I'm dreaming of
You make Christmas feel like heaven
When snowflakes start to fall I hear your spirit call
Cause you make Christmas feel like heaven
When I look into your eyes that's when I realize
Oh I'm in heaven

Silent night (silent night)
Holy night (holy night)
All is calm, all is bright (all is bright)
Round yon Virgin Mother and Child
Silent night
Mother and Child
Holy

You make Christmas feel like heaven
When snowflakes start to fall I hear your spirit call
Cause you make Christmas feel like heaven
When I look into your eyes that's when I realize
Oh I'm in heaven
