

MESSY

Tommy Richman

What am I doin'
What am I doin'
What am I doin' in here?
What am I doin'
What am I doin'
What am I doin' in here?
What am I doin'
What am I doin'
What am I doin' in here?
What am I doin'
What am I doin'
What am I doin' in here?
What am I doin'
What am I doin'
What am I doin' in here?

Started out we were just friends
Then you had to mess it all up with the sex
I see where this is going oh no play pretend
It doesn't always work out in the end (On another note)

Shoutout to my stripper bitches payin' taxes
You the realest in the game, you got the access
Talking all the time with your friends 'til the end
Saying, "How can I just hate myself?"
Back to my point
For many years, you'd look at me the same
We've been playin' with our hearts
Then, oh man something changed
Lately, you're coming back in my head again (Oh, no)
But I won't take the bait because
It's part of my P's and Q's
Part of my principal, part of my energy
You say that I'm easy to you
Why you grabbin' the bottle and takin' the Hennessy? (The Hennessy)
But I won't take the bait because
You know, I'm on my own time
My own time
My own time
My own time

Started out we were just friends
Then you had to mess it all up with the sex
I see where this is going, oh, no, play pretend
It doesn't always work out in the end (Oh, my God)
Started off we were just friends (Oh, my God)
Then you had to mess it all up with the sex
I see where this is going oh no play pretend
It doesn't always work out in the end

What am I doin'
What am I doin'
What am I doin' in here?
What am I doin'
What am I doin'
What am I doin' in here?
What am I doin'
What am I doin'
What am I doin'
What am I doin' in here?
What am I doin'

What am I doin'
What am I doin' in here?
I wanna live in the moment
I wanna live in the moment
I don't wanna tell you bout my side
(I know you wanna talk so nicely)
(Talk so nicely) I wanna live in the moment
(Talk so nicely, talk so nicely) I wanna live in the moment
(Talk so nicely, talk so nicely) I don't wanna tell you 'bout my side
(Talk so nicely, talk so nicely)
