

## WHAT DO U LIKE

Tommy Richman

(Yeah, yeah)

(Yeah, yeah)

And tell me what do you like?

I like many things, I like many things

I got amenities, got amenities

So pick out what you like on the television screen

Why you act like that? ('Creen)

You cool when I'm sad like that ('Creen)

You're so ungrateful, lately ('Creen)

You're so ungrateful, lately (It's right, it's right)

You're so ungrateful, lately

You've gone outside again since last week

Baby, I don't know 'bout by then, don't ask me

I don't hang in that crowd now

And yet you still don't want to concentrate on yourself

And stay by me and I'll double your fucking will

You're going to hell right now, right now, right now, right now

Mom told me to tell the truth right now, so then I did

I know you got nothin' to say, so please pipe down

You're a fuckin' kid, I said, you don't wanna give me credit

Give me credit right now (Now)

Credit right now (Now)

I know you regret it in the future, baby

You ran away for miles just to come back and chase me

(Ooh) Just for you to erase me

(Ooh) 'Cause I'm not coming back on your side

(Ooh) After everything I've done, I'm glad I'm still alive

Tell me what do you like? (Like)

I like many things, I like many things (Like)

I got amenities, got amenities

So pick out what you like on the television screen

('Creen, 'creen)

Why you act like that? ('Creen)

You cool when I'm sad like that ('Creen)

Why, why
