

Have Pity On Me

Tommy Roe

Darling don't leave me, darling don't go,
Cause if you leave me, i know, i know, i know,
That i'll go so crazy, i'll never be the same,
So please, please, please, have pity on me
You said you love me, and i didn't doubt it,
But now you tell me, you're not sure about it,
Now can't you just try to love me, just for a little while,
I'm begging, please, please, have pity on me
Try to understand the way i feel,
And maybe then you'll change your mind about me
Maybe then you'll realize that,
I'm not just another man, i'm me
You said you love me, and i didn't doubt it,
But now you tell me, you're not sure about it,
Now can't you just try to love me, just for a little while,
I'm begging, please, please, have pity on me
Darling don't leave me, darling don't go,
Cause if you leave me, i know, i know, i know,
That i'll go so crazy, i'll never be the same,
So please, please, please, have pity on me,
Have a little pity girl, please, please, please, have pity on me,
Please, please, please, have pity on me, etc..
