

Save Your Kisses

Tommy Roe

Good night baby I've got to run
sleep tight baby it's sure been fun
I hate to go, but you know I'd like to stay
Save your kisses baby,
save your kisses baby,
save your kisses for a rainy day hay-hay.

The way you look at me, I can't resist
Oh, gee, babe, I hate to leave your kiss
But I love you so, come what may
Save your kisses baby,
save your kisses baby,
save your kisses for a rainy day hay-hay.

When we get home from..... at night
You kiss my lips and you hold me tight
Promise me, that everything's all right
Gee, I can't wait till tomorrow night

The way you look at me, I can't resist
Oh, gee, babe, I hate to leave your kiss
But I love you so, come what may
Save your kisses baby,
save your kisses baby,
save your kisses for a rainy day hay-hay.

When we get home from..... at night
You kiss my lips and you hold me tight
Promise me, that everything's all right
Gee, I can't wait till tomorrow night

Good night baby I've got to run
sleep tight baby it's sure been fun
I hate to go, but you know I'd like to stay
Save your kisses baby,
save your kisses baby,
save your kisses for a rainy day hay-hay.
