

These Are The Children

Tommy Roe

If you have a little girl, look her in the eye,
Tell her that you love her, tell her not to cry
And if you have a little boy, tell him to stand tall,
Tell him that the world is his, so he might never fall
These are the children, who will follow in our path,
We've got to help them, to live, and love, and laugh
Now when i remember, things my mother did say,
She said, don't you worry about a thing, be yourself each day
So if you have a little child, be it boy or girl,
They may show you one bright day, love can rule the world
These are the children, who will follow in our path,
We've got to help them, to live, and love, and laugh
