

# Hide-Out

Tommy Tutone

Hey

Don't go callin' to your mother  
I don't think she'd understand  
Don't go callin' to your brother  
I don't need no helpin' hand, baby  
Let's go and hide out, yeah

Let's go down by the river  
I got something for you there  
Just let me get what I want  
I'll let you go, then I'll disappear

(Hey baby, let's go hide out)  
Hey baby  
(Hey baby, let's go hide out)  
Let's go and hide out  
(Hey baby, let's go hide out)  
Hey baby  
(Hey baby, let's go hide)

Hey girl, this is my very last offer  
The moon is out, the stars are bright  
Baby, you'd be crazy not to jump in my arms  
Take me for a ride to the edge of the night  
Take me for a ride to the edge of the night  
Yeah!

(Hey baby, let's go hide out)  
(Hey baby, let's go hide)  
(Hey baby, let's go hide out)  
(Hey baby, let's go hide)  
Hey baby

We had some fun by the water  
You gave a bit of love to me  
Now go on back 'cause nothing matters  
All you need is a memory

(Hey baby, let's go hide out)  
Hey baby  
(Hey baby, let's go hide out)  
Let's go and hide out  
(Hey baby, let's go hide out)  
Hey baby  
(Hey baby, let's go hide)

Let's go and hide  
And do something babe  
Let's go and hide  
And do something, do something  
Hey baby

(Hey baby, let's go hide out)  
Let's go and hide out  
(Hey baby, let's go hide)  
Hey baby

(Hey baby, let's go hide out)  
Let's go and hide  
(Hey baby, let's go hide)  
(Hey baby, let's go hide out)  
Hey baby, baby  
(Hey baby, let's go hide)  
(Hey baby, let's go hide out)  
Baby come and do it  
(Hey baby, let's go hide)  
(Hey baby, let's go hide out)  
Hey baby  
(Hey baby, let's go hide)  
Let's go and hide out
