

Do It Lord

Tommy Walker

I see your glory, covering the earth Lord
Just as the waters, covering the sea
I see the millions, coming to salvation
I see revival, fire in the land
I see the lost, nameless ones remembered
I see the widows, shouting out your praise
I see the friendless, loved and celebrated
Orphans fulfilling Lord, your calling on their lives

Do It Lord, do it lord
Do it Lord we are praying
Do it Lord, do it
That your glory may be seen

I see forgiveness over taking hatred
Pride and prejudice, now giving way to love
I see depression replaced with joy and gladness
And Satan's lies, now bowing to the truth

Do It Lord, do it lord
Do it Lord we are praying
Do it Lord, do it!
That your glory may be seen

This is our prayer oh God
This is our desperate cry
In these days that were living now
Let your kingdom come
Let your will be done

I see the brokenness of families, brought to wholeness
I see the prodigals, running home to you
Father's hearts, now turning toward their children
And the children's hearts, turning toward the fathers
I see your Church, all rising up in power
Laying down their lives in unity and love
I hear the sound of every tribe and nation
Giving glory to Jesus Christ the Son
