

Dance With Me

Tompi

There are lots of bands playing tonight
A funk, soul, hip hop and swing
A big band concert under the stars
So what are you waiting for
Let's have fun tonight!

For some girls and gents all of those events can burn your night up
But you'd rather go to a place I know where I can hold you in my arms
So you can dance
So you can sing
Na na na...

Hey there, cute, put on your dancing boots
And come dance with me, come dance with me...
Let's have fun tonight
And all you gotta do just sing...
Na na na...

Pretty face, I know a swinging place
So, come dance with me
Come dance with me on a crowded floor
Move your step, come on!
Na na na...

Hey, come dance with me
And let my music flow in your mind
Let my music flow in your mind
...
