

## Even If

Tompi

This is like a fairy tale  
You're the princess and I'm the king  
We fell in love together  
I feel so happy at the day you came  
It feels so strong, I feel no pain  
This love wonderful

And the world seems so bright  
So many stars in the sky  
Wherever the river flows  
My heart will follow  
Just like your shadow

Even if the sky turns into dark  
I'll keep my love cause it feels so right  
Even if the mountains are too high  
I'll still believe you'll always be mine

This is like a fairy tale  
You're the princess and I'm the king  
We fell in love together  
I feel so happy, I feel no pain  
I feel no wrong, I feel so strong  
You make this love so wonderful

And the world seems so bright  
So many stars in the sky  
Wherever the river flows  
My heart will follow  
Just like your shadow

Even if the sky turns into dark  
I'll keep my love cause it feels so right  
Even if the mountains are too high  
I'll still believe you'll always be mine
