

# Perfect World

Tone Damli Aaberge

Yeah, we're the same kinda crazy  
We live our lives by heads or tails  
As long as your are my baby  
Who gives a damn if we're off the rails

Cause I don't need to make the headlines  
You don't want to steal the show  
All I need is some you and me time  
Show 'em how we roll

[Chorus:]

I just wanna be in love, don't wanna work a day  
Your kisses will be enough, if I could have my way  
In a perfect world, in a perfect world  
In a perfect world, in a perfect world

Why don't you make me some money  
My daddy said nothing comes for free  
But all I need is you, honey  
We can't just live off the sex appeal

Cause I don't want to make the headlines  
You don't want to steal the show  
All I need is some you and me time  
Show 'em how we roll

[Chorus]

So when it all comes down  
It's you I wanna be around  
Let's run, let's get out this town  
Tell me who's gonna stop us now, who's gonna stop us now  
Tell me who's gonna stop us now, now now, n-now

[Chorus]

In a perfect world, in a perfect world  
In a perfect world, in a perfect world
