

All I Got

Tone Stith

Let me talk to you, baby

I know is hard for you, baby
But I need you to listen now
I know is all brand new for you, baby
But I really need you to hold it down, hold it down
Asking bout other girls ain't helping nothing
I'm focused on you
You gotta trust me babe, I'm helpless for you
You're the only one I'm into

Nobody told me that love could be hard
But I'm giving all I got
Girl when we're fighting just tears me apart
'Cause I'm giving all I got

Sometimes, we let our emotions get the best of us, girl
Only so much we can take
Sometimes we need a break but I can't
'Cause you are my world, oh yeah
Asking bout exes ain't helping nothing
I'm all about you
You can call me selfish, I only want your loving
You're all I'm into

Nobody told me that love could be hard
But I'm giving all I got (Giving all I got, baby)
Girl when we're fighting just tears me apart
'Cause I'm giving all I got (Giving all I got, baby)
Nobody told me that love could be hard
But I'm giving all I got
Girl when we're fighting just tears me apart
'Cause I'm giving all I got

I'm trynna do my best just for you
Girl, I don't wanna go and find someone new
We gotta work this out between us
Nothing else matters to me but your love

Nobody told me that love could be hard
But I'm giving all I got (Giving all I got, baby)
Girl when we're fighting just tears me apart
Cause I'm giving all I got (Baby, yeah yeah)
Nobody told me that love could be hard
But I'm giving all I got (Giving all I got baby, yeah)
Girl when we're fighting just tears me apart
Cause I'm giving all I got

Let me talk to you, baby
