I don't got no patience, no
Get your pretty ass over here
I'm tired of waiting
Would you mind if we have a little conversation
Do you got a passport
What you think I ask for
Wanna take you places, oh yeah
A little vacation
All that I'm trynna say is
You got my mind rising
I now I move a little too fast
That's what I'm trynna [?]
But I just can't help but ask, ooh oh

Would you spend the night?
Would you spend the night?
Would you spend the night?
Even though is our first date
You know that I can't wait
Would you spend the night?
Would you spend the night?
Would you spend the night?
I know that you gon love it when you come back next time
Back for more

Back for more
Imma keep you coming
Back for more

You got my mind on something
I really want your lovin
I know you're on the same shit
I would know if you wasn't
I know I'm impatient
Oh, you probably gonna feel the same way
About what I'm gonna say
But if you just stay

Would you spend the night?
Would you spend the night?
Would you spend the night?
Even though is our first date
You know that I can't wait
Would you spend the night?
Would you spend the night?
Would you spend the night?
I know that you gon love it when you come back next time
