

Date

Tone Stith

Is there something on your mind
Or is there something going on with your line
'Cause you ain't hit me back in like three days
Can we just take it back to our old ways
I'm just tryna get a minute of your time
If it's fine

Hey baby, I'ma take you on a date
Hey baby, I'ma take you on a date
No texts, no calls
Baby sit down let's talk
Baby, I'ma take you on a date

Remember we were young, we were willing
I'm just tryna bring back the feeling
Let me pick you up like around eight
Catch a movie or we make one at my place
'Cause girl I'm on my way while you're playing
You know what I'm saying
I'm just tryna take a little of your time
If it's fine

Hey baby, I'ma take you on a date
Hey baby, I'ma take you on a date
No texts, no calls
Baby sit down let's talk
Oh baby, I'ma take you on a date

I don't care if you're mad, got an attitude and you don't wanna
let it go
All the time by yourself, I know you don't wanna be alone
In a world without me, don't I give you what you need?
Baby let me get a minute of your time

Hey baby, I'ma take you on a date
Hey baby, I'ma take you on a date
No texts, no calls
Baby sit down let's talk
Baby, I'ma take you on a date
