

# Devotion

Tone Stith

Hmm

(If Swagg did it, it's progressive)

You say that you're tryna find  
Someone who will love you more than just on the side  
I said I'll give you my devotion  
Give you my devotion, baby, uh, oh-oh  
You scared of livin' a lie, uh  
So baby let me give you somethin' money can't buy  
Give you my devotion, yeah  
Give you my devotion, baby, yeah, oh, uh

I'll adore you even if you left me broken  
If you take a step, baby I'll take two  
If on my last breath, I'll breathe for you, ooh  
Right until the end, I swear, I'll do anything to prove  
My devotion  
I will stop my universe to make yours move  
I will live for us but I would die for you, ooh  
Right until the end, I swear, I'll do anything to prove  
My devotion

I know he's broken your heart  
Past the point of healin' and you're tryna restart  
Let me give you my devotion, babe, uh  
Let me give you my devotion, baby, uh  
Yeah, ayy-ayy, oh  
I know trustin' is hard, uh  
But when you're hurt too many times, all you're left with is scars  
But I'll guide your emotions, uh  
'Cause I will give you my devotion, baby, uh

I'll adore you even if you left me broken  
If you take a step, baby I'll take two  
If on my last breath, I'll breathe for you, ooh  
Right until the end (Oh yeah), I swear, I'll do anything to prove  
My devotion (Oh, oh)  
I will stop my universe to make yours move (Baby, yeah)  
I will live for us but I would die for you, ooh  
Right until the end (Ooh), I swear, I'll do anything to prove  
My devotion

Oh-oh, I will give you my devotion, baby  
I will give you my, give you my  
Give you, give you  
Ooh, ooh, ooh-woah, oh  
Woo, ooh

If you take a step, baby I'll take two (Take two, ooh)  
If on my last breath (Woo), I'll breathe for you, ooh  
Right until the end, I swear, I'll do anything to prove (Oh-oh, oh-oh, oh yeah)  
My devotion (Oh yeah)  
I will stop my universe to make yours move  
I will live for us but I would die for you, ooh (Die for you)  
Right until the end, I swear, I'll do anything to prove (Swear I'll do, yeah-yeah, yeah)

My devotion

Oh-oh, oh woah

Oh, oh-oh, oh

Let me give you my devotion

Let me give, let give you my devotion, oh-oh
