

Do I Ever

Tone Stith

Do I ever cross your mind anytime?
Do you ever wake up reaching out for me?

I don't know what changed
How did we get this way? (Way)
Ever since I got famous
Nothing was the same for us
I know we got problems and I haven't been as honest (Yeah)
But I don't never bring up all the things you did in college
Oh, woah, oh, yeah, yeah (Woah, ooh, ooh, yeah)

Big old crib, and nobody to share with
Got good news and nobody to tell it
I can't lie, close my eyes, cry myself to sleep at night

Do I ever cross your mind?
And do you ever come across me on your timeline?
You just made a grown man cry
Tears keep rolling down my eyes (Eyes)
Do I ever cross your mind?
You just made a grown man cry (Baby)
You just made a grown man cry (Cry)
Tears keep falling down my eyes

Pick up the phone and call me (Pick it up)
I'm all alone and sorry (I'm alone)
Tell me do you think of the good times? (Tell me do you?)
Or is it just the bad ones only?
You're supposed to be here with me (You're supposed to-)
Uh, havin' a celebration
Everything I did, it was for you (Yeah)
Got a nigga trippin' 'cause you kissin' other dudes (Oh, damn)

I got a big old bed, and nobody to sleep with (Oh, oh, yeah)
Thoughts in my head and nobody to tell my secrets
I'm feelin' like I've lost my girl, lost my mind
I can't lie, close my eyes, and cry myself to sleep at night (Yeah, yeah, yeah)
ah)

Do I ever cross your mind? (Do you, do you, do you?)
Do you ever come across me on your timeline? (On your timeline, babe, you, baby)
You just made a grown man cry (Cry)
Tears keep rollin' down my eyes (My eyes, yeah)
Do I ever cross your mind? (Yeah)
You just made a grown man cry (Yeah, yeah)
You just made (Woo) a grown man cry (Ooh, woah)
Tears keep fallin' down my eyes (Eyes)

Pick up the phone and call me
I'm all alone and sorry (Ooh, ooh, ooh)
Yeah, say sorry (Ooh, ooh, ooh)
Oh yeah-yeah, oh, yeah-yeah
