

# I Don't Wanna

Tone Stith

I need you to get dressed and ride off  
Audemars on my wrist, you know the time now  
Thinking 'bout all the ways I wanna touch you  
Wanna rub you  
Let me find out your lovin', baby  
I got a lot on my mind (Yeah)  
Need you right here to unwind (Yeah)  
Me and you got too much chemistry, almost like we the same zodiac sign, yeah, ayy  
You get on top and the stars, they align, yeah, yeah  
Oh, oh, yeah, oh, oh

I don't wanna wait, mm-mm  
I don't wanna wait  
You should be closer  
Won't you come over? Uh  
Oh yeah (Uh)  
I don't wanna wait, oh, oh-oh (Uh)  
I don't wanna wait (Uh)  
You should be closer  
Come on over  
What's the hold up?  
Mm, yeah (Oh)

Ain't got all night, come get it  
Fast forward to the part with the credits  
I'ma make you say my name like I direct it  
Skip all the intros like your favorite show on Netflix (Huh)  
We made it sexin', yeah, yeah  
Feel like a wet dream, yeah, yeah  
Come out the Balmain, yeah, yeah  
Hit you with that long thing, yeah, yeah, oh  
Patient, I can be for you  
It's been about a day or two  
How long I gotta wait for you, ooh?

I don't wanna wait (Ooh), mm-mm (Ooh woah, oh)  
I don't wanna wait (Oh, oh-oh, oh-oh, yeah)  
You should be closer (Closer, babe)  
Won't you come over? Uh (Come over, babe)  
Oh yeah (Oh, ooh, ooh)  
I don't wanna wait, oh, oh-oh (I don't, babe)  
I don't wanna wait (I, I, I)  
You should be closer (Oh, oh-ooh woah, oh-oh)  
Come on over (Yeah)  
What's the hold up?  
Mm, yeah
