

Lonely

Tone Stith

It's a one and a million chance that I lose myself and let you fall
But there's something inside of me telling me that I'm gon' risk it all
You're everything I wanted and need
But it's really not on you, it's on me

Kissing two years goodbye
'Cause of lies and leading you on
Your intuition was right
The whole time, I was doing you wrong

It's been killing me slowly
'Cause you know you're my one and only
I told you she was just the homie
And she could never play your part
But tonight
Somebody's gon' be lonely
Lonely
Lonely
Somebody's gon' be lonely
Lonely
Lonely tonight, tonight

As a matter of fact, I was the one who said 'I love you' first
That I wouldn't do you like your ex did
Fuck around with your best friend
You gave me your trust and I just took that shit for granted
Sneaky link, I slid on her
Double tap, 4 in the morning
Emotions got involved
We both just caught in the moment

And now I'm kissing two years goodbye
'Cause of lies and leading you on
Your intuition was right
The whole time, I was doing you wrong

Swear that it's been killing me, oh
It's been killing me slowly
'Cause you know you're my one and only
My one and only
I told you she was just the homie
And she could never play your part
But tonight
Somebody's gon' be lonely
Lonely
Lonely
Somebody's gon' be lonely
Lonely

Lonely tonight
Ooh
Lonely tonight
Mm-hmm
