Tone Stith

When she lonely  
She want some more  
To keep her company  
I know, I know I'm not the only  
But she comin'  
She wanna put it on me  
When she lonely

When she lonely  
She want some more  
To keep her company  
I know, I know I'm not the only  
But she comin'  
She wanna put it on me  
When she lonely  
When she lonely

She asks who's at the house  
'Cause she is already around  
Think I know what it's about  
I know someone let her down, down, down, down  
But she's knocking at my door (oh she knocking)  
Just her keys and her bag on the floor~  
Oh, like she's in a hurry now  
Baby what you worring about?  
We can take our time

When she lonely  
She want some more  
To keep her company  
I know, I know I'm not the only  
But when comin'  
She wanna put it on me  
When she lonely

When she lonely  
She want some more  
To keep her company  
I know, I know I'm not the only  
But she comin'  
She wanna put it on me  
When she lonely  
When she lonely

She my homie, she got homies oh yeah  
She got drama I don't get involved, no  
When she see me, keep it simple oh yeah  
Love all night long  
When she comin' she go  
Better act like you know  
I let her do her, so we keep it on the low  
Oh

She won't say a word  
Won't admit it  
But baby know exacly when to get it

When she lonely  
She want some more  
To keep her company  
I know, I know I'm not the only  
But she comin'  
She wanna put it on me  
When she lonely

When she lonely  
She want some more  
To keep her company  
I know, I know I'm not the only  
But she comin'  
She wanna put it on me  
When she lonely
