Pressure

Tone Stith

I ain't changed, no
I'm still the same as when I met you

Do you love me or the thought of me?
Do you love me, every part of me?
Do you know that love comes and go?
How you know, how you know, how you know?
I be tryna show you that you valuable
Yeah, I know you got a lot goin' on
And you keep a lot inside, oh Lord
Yeah, most of the time it's our timin' that's off

Fuckin' around, we was havin' fun
Now I tell you every time I'm with someone
Even them nights, don't know where you are
You told me anything that you want
Do you love me or the thought of me?
How you know this is where we 'posed to be?
Don't you know that love comes and goes?
How you know, how you know, how you know?

'Cause we've been gettin' comfortable, comfortable
And I ain't tryna put no pressure on you, no (Pressure)
We can take this thing nice and slow
Do just what you're ready for
I ain't tryna put that pressure on you
'Cause we've been gettin' comfortable, comfortable
And I ain't tryna put no pressure on you (Pressure)
We can take this thing nice and slow (Yeah, yeah, yeah)
Do just what you're ready for
I ain't tryna put that pressure on you (Pressure)

How you know you ain't trippin'?
How you know that you ready?
I could be out here wildin'
How you know that you trust me?
Keepin' it just between us
Really ain't been too easy
Everybody wanna say somethin'
But are you gon' believe me?

Fuckin' around, we was havin' fun
Now I tell you every time I'm with someone
Even them nights, don't know where you are
You told me anything that you want
Do you love me or the thought of me?
How you know this is where we 'posed to be?
Don't you know that love comes and goes?
How you know, how you know, how you know?

'Cause we've been gettin' comfortable, comfortable
And I ain't tryna put no pressure on you, no
(I ain't tryna put no pressure on you, baby, pressure)
We can take this thing nice and slow
Do just what you're ready for
I ain't tryna put that pressure on you (No, no, no, no)
'Cause we've been gettin' comfortable, comfortable

And I ain't tryna put no pressure on you
(I ain't tryna put no pressure on you, baby)
We can take this thing nice and slow
Do just what you're ready for
I ain't tryna put that pressure on you (No, no, no, no, no, no)

Yeah
I ain't tryna put that pressure on you, baby
'Cause we've been gettin' comfortable, comfortable (Comfortable, baby)
And I ain't tryna put no pressure on you (No, pressure)
We can take this thing nice and slow (Yeah)
Do just what you're ready for
I ain't tryna put that pressure on you (No, no, no, no, no, no)
'Cause we've gettin' comfortable, comfortable (Oh no)
And I ain't tryna put no pressure on you
(I'm not tryna put no pressure on you, baby)
We can take this thing nice and slow
Do just what you're ready for
I ain't tryna put that pressure on you (Pressure)
